Measures 44-45. Measure 44 has an E7 chord. Measure 45 has an A chord. The bass line is a continuous eighth-note pattern.

46 Dm C Bdim Bb

48 Dsus2/A A7b9 Dm

Addendum:

1. You might be wondering what the tiny little staves are at the first page. Those are called "Ossias"; Alternative passages that are provided by the composer for the performer to choose. They can be easier or harder versions of the original passage. The ones I provided are easier alternatives to what I wrote originally. feel free to choose either!
2. Speaking of Alternatives, it's also possible to simplify the left hand like this:

52 Dm C Bb C

f

It's pretty much like the Chinese Tea arrangement you sent me, pattern wise. This is much more straightforward to play since you're not alternating between 8th and 16th notes, but you do lose some of the rhythmic punch.

At the end of the day, these are just my suggestions for an easier version of this arrangement. It's up to you on how to simplify it based on your current skill. Oh yeah, I also added chord symbols here, great as a guide on simplifying/improvising the song. Do note that the chords I labeled are not 100% true to the original though.

Happy Playing!
